20FT CRIB WITH BATHROOM

The SCF Self Contained Crib and Bathroom has all the answers to your site's comfort and convenience questions. It's a one stop shop for your lunch and loo requirements.

Details

It's a perfect match. All the comfort and convenience of our Crib Room with the added benefit of our Ablution Block, in one tidy footprint. Built with the same high-quality materials as our standard containers and portable buildings, the SCF Self Contained Crib Room and Bathroom is the perfect all in one for resource management. Each unit is construction compliant with all Australian standards and the National Construction Code 2013.

Let's talk Crib amenities. Hot and cold water, sink, stainless steel kitchenette bench, split system reverse cycle air conditioning and lighting are all standard inclusions. There are also provisions for a microwave and refrigerator, which can be installed in depot prior to delivery.

What about the ablutions? Hot and cold water, stainless steel basin, shower, and toilet are all included, so you can freshen up in privacy and comfort.

All units are built with a strong focus on safety and security, including lockable steel doors, hardwired smoke alarms with battery backup, internal lighting and windows with fly screens and security mesh.
