

CHEMICAL STORAGE CUPBOARD

Chemical Storage Cupboard

Key Features

- Multiple shelving configuration options.
- AS1940 and AS3780 class 8 compliant (dependent on cargo compatibility).
- Forklift pockets for ease of movement onsite.
- Safely secure unit to the ground with built in floor mounting system that utilises anchor bolts.
- Bunded floors for easy spillage cleanup.
- Externally lockable for safe & secure stowage of goods.
- Internal door release mechanism that overrides external lock for added user safety.
- Easily relocatable with tyne guides running in both directions.

Product Details

SCF's Chemical Storage Cupboard is an alternative storage unit for the external storage of Class 3 and Class 8 Dangerous Goods. It comes standard with 6 shelves for the safe storage of multiple small packaged dangerous goods.

The unit can also be reconfigured for the storage of two IBC's with shelving above for the additional storage of small packaging.

As with all SCF Dangerous Goods products, the Chemical Storage Cupboard comes with an internal door release mechanism to ensure the safety of your staff.

Options

- FRP grating and poly lined bund for aggressive Class 8 cargos
