

**DANGEROUS GOODS
SIDE DOOR CONTAINER
SCF017 SERIES**

20' DANGEROUS GOODS SIDE DOOR CONTAINER - SCF015 SERIES

If you store or move dangerous goods, you need to do it safely.

Our Dangerous Goods Side Door storage container has been designed specifically to contain any spillages of the cargo in the container to ensure that it does not adversely affect the user, the business or the environment.

The SCF015 series has a number of enhanced features including updated floor grating, simplified bund, increased width of bottom combing rail and increased payload making it a more user-friendly and flexible solution.

FEATURES

- Secure and lockable
- Floor: Galvanised Steel which is compatible with a wide range of Class 8 products
- Floor: Easily removable via latches to reduce cleaning time and costs
- Bund: Simplified bund reduces cleaning time and costs
- Ventilation: Grills at floor and ceiling level
- Payload: 16 tonnes
- Height: 9'6
- Access: Full side and double doors
- End door locking bars easily activated for transport and storage compliance
- Safety drain valve
- Internal door emergency release
- Transportable via Tilt Tray
- Meets Australian Standard AS1940, AS2714, AS3780, AS4326, AS/NZS5026, AS/NZS4452, AS/NZS4681, AS/NZS5026
- Flexible storage for chemical classes 2, 3, 4, 5, 6, 8 and 9 (subject to MSDS compliance)

BENEFITS

- The safe and flexible option to store dangerous and hazardous materials
- Specifically designed to contain all spillages and internal contamination in a safe manner
- Ventilation to enhance airflow, reduce inside temperature, and minimise build-up of dangerous fumes
- Painted in bright yellow for high workplace safety visibility
- 20' Side Door - Forklift access for ease of loading
